

ReliaQuest Product KeyNote: Build Your Own AI Driven SOC

6

Minutes

16

Days

5,000+ Alerts

50+ Tools

One Team

Every SOC is somewhere on this journey.

Get Out of Reactive with **Faster DCIR**

Detect | Contain | Investigate | Resolve

Detect | Contain | Investigate | Resolve

More **Data**
More **Money**
More **Problems**

GreyMatter Transit

Detects Threats While the Data is in Transit

What if your SOC responded while your analyst slept?

GreyMatter Agentic Response

Takes Actions Autonomously

Detect | Contain | Investigate | Resolve

Your best analyst
just logged off.

Did their knowledge?

GreyMatter Memory

Tailors AI to your Unique Environment

Detect | Contain | Investigate | Resolve

The most common
attack vector.

Fully automated.

GreyMatter Phishing Analyzer

Verdict in seconds. Not minutes.

GreyMatter Accelerates DCIR

Before GreyMatter

Detect	Contain	Investigate	Resolve
60 Min Avg. MTTD w/ SIEM	6.5 Hours Avg. MTTC	2-3 Days Avg. MTTI	3 Days Avg. MTTR

With GreyMatter

Detect	Contain	Investigate	Resolve
<5 Sec w/ GreyMatter Transit	~4.48 Min w/ GreyMatter Agentic Automated Response Playbooks	33 Min w/ GreyMatter Agentic AI	48 Min w/ GreyMatter Agentic AI

Breaking Out Of Reactive

Watch GreyMatter Accelerate DCIR— automatically.

Get Proactive

You have assets you
don't know about.
Attackers do.

GreyMatter Discover

Continuous attack surface visibility, risk-ranked and always on.

**The attack was being
planned. On the dark web.
Last week.**

GreyMatter Digital Risk Protection

See what attackers know about you — before they act.

Tailored Intelligence in Your Pocket.

GreyMatter Mobile App

Your mobile command center.

Intel on Mobile

Watch GreyMatter turn intelligence into action – on the go.

Predict What's Next

Six Agentic Teammates

Not bots. Not automations. AI teammates that learn your environment, work your cases, and get better every day.

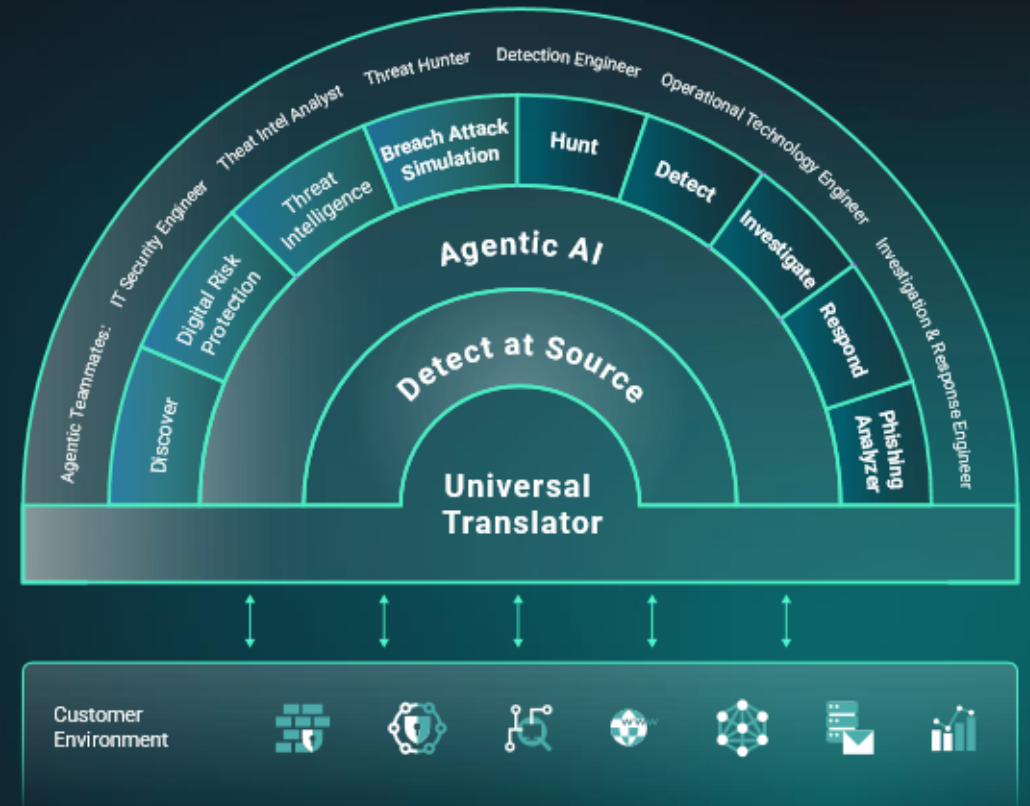

Where is Your SOC Today?

	Reactive	Proactive	Predictive
Threat detection	44 min MTTD	< 20 min	Self-improving coverage
Threat hunting	Manual / never	AI-assisted	Always-on autonomous
Attack surface	Unknown gaps	Continuous (Discover)	Auto-remediated
Phishing	10 min / email	Auto-analyzed & contained (Phishing Analyzer)	Fully Autonomous
External threats	Reactive	DRP monitoring	Correlated + actioned

The **Agentic AI** Security Operations Platform, Built to Drive Your Team From

Reactive → **Proactive** → **Predictive**
